

WATCHDOG **NXT120**

The WatchDog NXT120 is capable of an impressive 120 pints per day, making it ideal for larger spaces. In fact, the NXT120 can easily maintain areas up to 21,000 cubic feet. With its compact size and the ability to be ducted on both inlet and outlet, the versatile 120 can be used in crawl spaces, basements, or whole-house applications. The unit includes several upgrades including a digital display, auto-restart, and low-temperature operation. Plus, the NXT120 is compatible with optional accessories, such as our wired remote or wireless environmental monitor.
