Seaira Global DryFi

The DryFi Control is an innovative remote solution designed to bring WatchDog Dehumidifiers online. Once connected to the Installer Portal, you can seamlessly monitor and control your entire fleet of customers' units without ever leaving the office.

- ☑ Patent Pending RF Link
- ☑ Adjust Set Point & Power
- ☑ Real-Time Tracking & Alerts
- ☑ Historical Performance Graphs
- ☑ Maintenance Reminders
- ☑ Minimize Crawl Space Visits
